

THE PROSPECT BAND

MEET THE BAND

The Prospect Band is a five piece band featuring lead vocalist **Thomas DeVittorio**, lead guitarist and backing vocalist **Mike Pierandri**, bassists **Max Shapiro** and **Sam Furniss**, organist **Rachel Wise**, and drummer **Jeff Bonistalli**. The Prospect Band plays a wide range of music from the 50s to the 2000s, today's movie thematic hits, and original music.

After the band's success with their first studio album, *'The Pink Album,'* they set out to record *'Made For Greatness.'* Both albums are available on Amazon, Spotify, Apple Music and other streaming platforms. A third album is now in the works.

The Prospect Band is available to play private events, weddings, concerts, and parties at the Prospect Theater or they can travel to you for your event needs! They have a large repertoire of songs but can play other tunes at your request, and can even write custom songs for your musical desires!

All proceeds benefit the Prospect and the mission of providing competitive and inclusive employment to people with disabilities.
